Short title Assessment - Land Revenue and cess - Hospet taluk - wet lands under the Tungabhadra channels and Kamalapur tank - January kist postponement - orders issued.

READ—the following:—

(2) Letter of M.R.Ry., A. Ranganatham Mudaliar Avl., M.L.C. dated 9-12-30 and numerous petitions of ryots and personal enquiry or tour.

O r d e r.

It is understood that owing to trade depression and the sudden fall of prices the money-lenders who finance the ryots are with holding the customary advances; that the Marwadies are winding up their business and lending their capital out of the district; and that consequently the ryots in the wet villages of Hospet Taluk, under the Tungabhadra channels and Kamalapuram tank, are not in a position to pay the usual kist of 8 annas in January though they will be able to pay as soon as they have disposed of their paddy and sugarcane.

2. The January kist of the current fasli in all the wet villages of Hospet Taluk under the Tungabhadra channels and Kamalapuram tank will therefore be postponed for collection in equal instalments to February and March in addition to the February and March kists. The ryots will have to pay half the land revenue in February and the other half in March 1931. The order of postponement should be widely published in all the villages. This order does not apply to the assessment on dry lands situated in the above villages. The kist on these lands should be collected as usual. The Tahsildar of Hospet is requested to report the amount involved by the postponement of the January kist of to February and March.

2. These orders are issued subject to the approval of the Board of Revenue.
